EXPERIENCE

Junior Full Stack Developer DigiXpressions Media Pvt. Ltd.

January 2025 – Present

- **Engineered** the end-to-end development of yourcardguide.com using **Next.js** and **MySQL**; constructed a comparison engine and CMS, effectively translating complex business requirements into a scalable technical solution.
- **Leading** the front-end initiative for an in-house SEO tool, collaborating closely with UI/UX designers to create an intuitive interface that reduced manual audit time by **30%**.
- **Orchestrated** the full-stack rebuild of the company website digixpressionsmedia.com, delivering the application **4x faster** than vendor estimates and cutting projected development costs by approximately **40%**.
- **Built** a DA/PA checker tool using **Next.js** that checks Domain and Page Authority, eliminating **85%** of the manual workload for the off-page SEO team.
- **Administered** the complete deployment pipeline for front-end applications using **Git**, **PM2**, and **Nginx**.

Product Intern DigiXpressions Media Pvt. Ltd.

September 2024 – January 2025

- Revamped the Hero Section and **programmed** a custom blog module for easyhomeloan.in using **PHP** and **MySQL**.
- Built and integrated **Restful APIs** in PHP.
- Automated HR emails via **Google Apps Script**, reducing manual data entry effort by **90%** and eliminating human error.
- **Coordinated** cross-functional content publishing workflows in **WordPress**.
- **Standardized** development protocols by introducing **GitHub** and **Jira** across the organization.

Java Developer Intern Mira Advanced Engineering

June 2023 – July 2023

- Implemented backend features in Java for internal tools, optimizing application load time by **15–20%**.
- Collaborated on multiple projects using **JSP**, **AWT**, and **Swing**, participating in regular code reviews.
